For: METHODS OF TREATING OX40 MEDIATED RECALL IMMUNE RESPONSES

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

REQUEST FOR CERTIFICATE OF CORRECTION OF PATENT

Sir:

Pursuant to 35 U.S.C. § 255, and 37 CFR § 1.323, this is a request for a Certificate of Correction in the above identified patent. Form PTO/SB/44 is appended and identifies the corrections requested. The mistakes identified in the appended Form are of a clerical or typographical nature, or of minor character, and resulted from an error(s) made in good faith. Also, the requested corrections do not introduce new matter nor require substantive examination.

The Commissioner is hereby authorized to charge the required fee as set forth in 37 CFR 1.20(a) for providing the requested corrections to Deposit Account No. 50-3732, Order No. 16480-105001.

Patentees submit this request to correct the specification at column 1, lines 10-14, to recite the following:

Government Support

This invention was made with government support under Grant AI050498 awarded by the. This work was supported in part by National Institutes of Health grant AI50498. The government has may have certain rights in the invention.

These amendments to the Specification raise no issues of new matter. The paragraph regarding government support is amended merely to reflect language recited in 37 C.F.R. Section 401.14(f)(4) (regarding a contractor's actions to protect the government's interest under the Bayh-Dole Act). Also, the grant number is corrected by inserting a "0" inadvertently omitted. Applicants submit herewith as Appendix A a copy of a "Project Information" webpage for this grant, evidencing the correct grant number, as obtained from the NIH grant database RePORTER (NIH Research Portfolio Online Reporting Tools Expenditures and Results.htm). Thus, the amendments involve no new matter nor substantive examination.

Applicants respectfully request that a Certificate of Correction be issued in the above identified Patent.

Respectfully Submitted,
KING & SPALDING LLP
